SUMMARY

Seeking an entry-level position to begin my career in a high-level professional environment. Looking forward to obtain a position in a leading organization where I could able to apply my knowledge gained through my education. I am a hard worker, a team player and always willing to go extra miles.

PROJECT EXPERIENCE

PERSONAL PORTFOLIO WEBSITE

- My portfolio website serves as a comprehensive showcase of my professional journey, skills, and accomplishments. Designed with a focus on modern aesthetics and user experience, the site features a responsive layout that adapts seamlessly across various devices and screen sizes.
- Utilizing a tech stack comprising HTML5, CSS3 and JavaScript, I ensured the website not only reflects my technical proficiency but also demonstrates my ability to create dynamic and interactive web experiences.

MINI PROJECTS

- light Fidelity - LIFI.
 - Patient Monitoring.
-
